IJSE

Institute of Software Engineering
Goal identification , UI, UX, Sitemap and Wireframing

01.My Goal

- **Welcome Page**: a visually appealing welcome page that introduces visitors to the website and sets the tone for the rest of the content.

- **About Me Section:** Provided a brief but comprehensive overview of Me, highlighting my background, skills, and passion for technology.

- **Skills Section:** Presented listed description of my technical skills, showcasing my proficiency as a full-stack developer and familiarity with the latest technologies.

- **Gallery:** Included a gallery section where I can showcase my projects, possibly with images, descriptions, and links to further details.

- **Work Experience:** Details of my work history, including my roles, responsibilities, and notable projects of achievements in each position.

- **Services:** Outline the services that I can offer, such as web development, software engineering, and consulting, along with my specializations and unique selling points.

- **Projects:** Highlighted specific projects that I am working on, providing insights into my capabilities and the types of solutions I can deliver.

- **Completed Assignments:** Showcasing completed assignments and tasks, demonstrating my track record of successfully delivering projects.

- **Contact Me:** Provide multiple means for visitors to get in touch with me, such as a contact form, email address, phone number, or links to social media profiles.
